

**ST. ANDREW COMMUNITY GARDEN
PLOT APPLICATION FORM – 2016**

Gardeners are drawn to a deeper relationship with all of creation and by participation in a community garden have an opportunity for a closer relationship with other gardeners in a common endeavor. St. Andrew Presbyterian Church welcomes the opportunity to provide the use of land and to sponsor the St. Andrew Community Garden in meeting the needs of our surrounding community.

A Mission Garden is a special feature of this Community Garden. All gardeners agree to take part in the cultivation of the Mission Garden. The fresh produce is distributed to those in our community who are in need through local service agencies. Gardeners will select crop teams and or activities and will be given specific work assignments. The time required for this work should average an estimated one half hour per week over the gardening season, but will be proportional to the number of plots assigned.
